Ages 7-11 | 2-6 detectives | 45-60 minutes | 6 puzzles

CASE FILE #1

Welcome, Detectives! Today is the Maple Grove Bake Fair. At 3 o'clock one lucky baker will win the **Golden Whisk**, a shiny trophy shaped like a kitchen whisk.

But at 2 o'clock, Ms. Okafor, the fair organizer, looked at the prize table and gasped. The Golden Whisk was gone! All that was left was a strange note full of jumbled letters.

Can your detective team follow the clues, crack the codes and find the Golden Whisk before the prize is given out? You have **60 minutes**. Good luck!

Puzzle 1: The Shifty Note

Found on the prize table

The note on the prize table looks like nonsense. A clever detective knows it is a **shift code**: every letter was moved **3 places forward** in the alphabet (A became D, B became E). Move each letter **3 places back** to read it.

Letter strip (count 3 to the LEFT to decode):

A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V	W	X	Y	Z
---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---	---
