

A Letter from Santa

from the workshop at the North Pole

Dear _____, Christmas _____

Ho ho ho! The workshop has been busy this year, and your name kept coming up on my desk. Every time the elves and I looked at the list, we heard good things about you.

A little bird told me that this year you:

I want you to know that I noticed. Kindness, curiosity and trying your best are the things that make my list sparkle. Keep it up, and keep being you.

The reindeer are practising their rooftop landings and the sleigh is almost packed. Until we meet on the big night, I will be watching the snow and smiling about you.

With warm wishes and a twinkle in my eye,

Santa Claus
Keeper of the Nice List
